## PROFILE

---

**Collaborative UI/UX Designer** with **5+ years** of experience leading **cross-functional teams** to deliver **innovative user experiences**. Proven ability to **balance user needs, business goals, and technical constraints**. **Increased user engagement** by **implementing user-centered design methodologies**. Seeking a **dynamic role** to contribute to **cutting-edge product development**.

## SKILLS

---

### Design & Software Skills

- User Interviews, Usability Testing, Information Architecture, Wireframing, Rapid Prototyping, 3D Printing
- Research: User Research, Data Analysis, Market Research
- Software: Figma (Advanced), Adobe XD (Advanced), Miro (Intermediate), WIX (Intermediate), Affinity Designer (Intermediate), Illustrator (Intermediate), PowerPoint (Advanced), Framer (Intermediate), ProtoPie (Intermediate), HTML/CSS (Basic), AutoCAD (Intermediate), SolidWorks (Intermediate), Notion (Intermediate)

## PROFESSIONAL EXPERIENCE

---

### UX Designer

09/2022 – present

*Blumetra Solutions Pvt Ltd*

- Led the comprehensive design system, resulting in a 30% improvement in design consistency across multiple platforms.
- Redesigned a web application, achieving a 50% improvement in both design aesthetics and functional flow.
- Collaborated closely with product managers, developers, and other stakeholders to create user-centered designs that align with business goals and technical constraints.
- Delivered high-fidelity prototypes and detailed UI specifications, ensuring seamless handoff to development teams.

### UI/UX Designer

05/2021 – 09/2022

*Bridzee*

- Developed a robust design system using Figma, enhancing design consistency and streamlining the design process.
- Contributed to the successful launch of B2C product, improving user engagement by 25% through intuitive and visually appealing interfaces.
- Delivered high-quality design deliverables under tight deadlines, maintaining a strong focus on user experience and usability.

### UI/UX Designer

04/2020 – 05/2021

*MEMO*

- Designed and developed the company website using Figma and WIX, resulting in a 40% increase in visitor engagement.
- Established and maintained design systems, ensuring consistency and efficiency in design processes.
- Conducted usability testing and gathered user feedback to iteratively improve the website and other digital products.
- Collaborated with senior designer and developers to create responsive web applications that meet user needs and business objectives.

### CAD Designer/UI Designer

04/2018 – 04/2020

*Rudra Labs*

- Utilized AutoCAD and SolidWorks for product design, including a successful water bottle product that enhanced user convenience and satisfaction.

- Conducted continuity testing on the water bottle product to gather insights and improve product durability and user experience.
- Led brainstorming sessions, user research, and prototyping efforts for mobile applications and websites, resulting in innovative and user-friendly designs.
- Managed multiple design projects simultaneously, ensuring timely delivery and adherence to client specifications.

## **EDUCATION**

---

### **B.Tech in Mechanical Engineering**

*Thandra Paparaya Institute Of Science & Technology*

2013 – 2016

### **Diploma in Mechanical Engineering**

*Thandra Paparaya Polytechnic College*

2010 – 2013
